As the number of participating teams is fixed to a maximum of 18 teams, acceptance of entries will be done on "first come, first serve" basis. Please note that priority will be given in any case for complete teams. Therefore we **strongly recommend to send your preliminary entry form as soon as possible, at the latest for February 20th, 2019.**

System of play: Preliminary stage: 2 groups of 9 players (A;B), each one playing against the 5 other players of his preliminary group.

Qualifying stage: 2 groups (X:Y) with the 6 best players of the 2 preliminary groups, in the groups of the qualifying stage each player of one group will play against all the other players of his group excepted the players he has already played against in the preliminary group. The results of these matches are taken into consideration for the results of the qualifying stage.

Final stage for the places 13 - 18: 1 group Z with the players placed 7th, 8th and 9th in the two preliminary groups, each player playing against all the others of group Z excepted the players he has already played against in the preliminary group. The results of these matches are taken into consideration. The results of group Z decide about the ranking from 13 to 18.

Final stage for the places 1-12: final stage in 2 rounds according to k.o.-system for places 1-4; final stage in 1 round for places 5-12

All matches are played best of 5. (sets to 11)

Team competition: The ranking of teams will be made by addition of the ranking position of all the players of one team in their respective category.
